

NEXT LICENSE EXAMS

The following is **preliminary**; there may be changes when we learn the number of candidates.

We plan an outdoor license examination Saturday morning, 6 June. This will probably be held in Janice's fenced back yard in Kachina village. We will limit candidates to 6 at a time and hold as many sessions as necessary to accommodate everyone. We will start at 0900 and hold additional groups at 1015 and 1130 as needed. We are still working on details.

RSVP is required, but you are welcome to come and wait outside in case there is a no-show. Masks and gloves are **REQUIRED**. If there is a chance you have that darn virus (contact with an infected person, cough, fever), **DO NOT COME**. I am well over 65, and I cannot afford to get it.

You will need:

Mask and gloves REQUIRED

Pens and pencils; we will NOT provide these

Exact change (\$15) or a check made out to ARRL VEC

A government issued photo ID

A copy of any amateur radio license you hold

You are welcome to bring a simple, non-programmable calculator

We will try to set up cover, but bring a hat - just in case

73,

Joe, W7LUX
