NAU had a radio club at one time and a station – repeater. The club collapsed and became inactive.

The Virtual Hamfest had a good following this year and was well attended. It seems that FT8 has taken over HAM radio at the moment. K0MD gave a great keynote speech. Great on COVID and HAM radio.

Erv and Phil are busy with Army MARS – Glen is looking into training for the NTS.

SATERN exercise was last week the exercise was to send messages from the west coast to the east coast - Oregon to NY. Net standards concerning frequencies and control and net types were discussed.
